Fall has arrived and in the Sierras they have had their first snow. We have seen some on and off temperature variations that hopefully will settle into a normal temperature for our region for this favorite Autumn month.

This month we will have a presentation on “Milling Wood,” by one of our New Members - Mr. Uriah Giles who works with Golden Gate State Park.

As a reminder, our Elections will be taking place at the this month to finalize our SAW board for 2020. So make sure you come and vote! A Program Chair and Refreshment Coordinator is still needed so if you have interest, please let anyone on the Board know that you would like to help out in either one of these roles.

As a reminder, please come to the upcoming "Fall Back Into Woodworking" annual event at Woodcraft as of Saturday, September 28th and Sunday, September 29th from 10-4PM.

All of the area wood clubs have been invited and SAW would like a strong participation given that we are allowed to use the equipment and classroom for out monthly SAW Toy workshop. We will have a table setup at the store and, like last year, have some items on display made by members. Our members will tell Woodcraft customers about our stellar club and our contributions to the Art of Woodworking. Don’t be shy. Come by and support the event.

Our last Contest of the year, is this month! So don’t forget to bring your project for, “Something for the Kitchen.” The rules are pretty simple, it has to be something made in the last year and made of wood that can be used an indoor or outdoor Kitchen. Remember you get rewarded for your entries if they place 1st, 2nd, or 3rd.

Our Fall Shop Tour has been coordinated by Jim Cauley for Sunday, October 6th so please place it on your calendar to see three great shops of our members. directions and maps for each Shop visit is enclosed.

Have a great month! We will see you at the next meeting on Tuesday, October 1st, 2019 at 7:00 PM.

Take care!
Mark Mason
The Sacramento Area Woodworkers, also known as SAW, is an 501(c)(3) organization whose mission is: To provide the community an enriched educational and charitable experience through woodworking.

We also share woodworking experiences, information, instructions, plans, books, tools and lumber sources, and sharing in discounts resulting from volume buying.

2019 SAW BOARD
All listed are voting members of the Board.

**Library**
Books, videos, and magazines are available *FREE* to members for one month at a time when checked out of the Library at the back of the meeting room. Be sure to return the items at the next meeting.

**The new books this month are:**
"Crafting Wood Logic Puzzles," by Charlie Self and Tom Lensch
"Gluing and Clamping: Techniques for Better Woodworking," by Nick Engler

**Membership**
It is RENEWAL time again! For all renewing members, the dues for SAW are $30 per calendar year (no prorated renewal). Any and all dependent family members, residing in the same address of a fully paid member, can join for an additional 50% of annual dues. As a SAW member, you will enjoy the camaraderie of fellow woodworkers, discounts from local merchants, group buys on wood, and library privileges.

New Members will be prorated for the year:

<table>

No refunds will be given on membership dues.

**The club is always looking for new members. Recommend us to all your woodworking friends!**

**Commercial Membership**
Commercial memberships are available for $50 per year. This membership includes yearly advertising in the newsletter. Ads are to be business card size and may be changed from month to month, if desired. Contact the SAW Treasurer (See SAW Board listing above left) for more membership information.

**Newsletter Items**
Contributions to the newsletter must be sent to the Editor by the 20th of the month for inclusion in the following month’s newsletter. Send to Andy Volk at newsletter@sacramentoareawoodworkers.com

If SAW had a position for official photographer, the position would be assigned to Steven Hitchens. Stephen takes most, if not all, of the photos appearing in the newsletter. If you like the pictures, be sure to give Steven your thanks!
HELPING HANDS
SAW has a mentor program. This is how it works:
- If you need help with woodworking tools or a project - call ANDI Brewer
- If you have woodworking skills and knowledge to share - call ANDI Brewer

Members will be brought together. ANDI Brewer will be the conduit to bring members together.

Don Smith and Joe Thurmond requested assistance and both were helped by Jim Cauley. Thank you Jim for your availability in helping a couple of our SAW Members. Additionally Don Brice was given a helping hand by Steve Bockman.

So the program works and I’m here to assist with finding someone to help you with your woodworking and tool questions.

So call Andi at 916-612-1412 to get HELPING HANDS.

Cool Websites to check out:
Share your favorite woodworking related websites here! Contact Andy Volk.

Hey guys, I saw this on YouTube. It’s a bit beyond my skill level, but was helpful in understanding why each turning tool catches and proper ways to use each tool.

Classified Ads
SAW members have been coming up with many great ideas, such as how to network with other members outside of SIGs, or creating ways to borrow set-up tools. Might we suggest using the classified ad section?

Ads can be run for more than one month. Just contact us each month and let us know the ad is still valid. Remember, you must be a member to take advantage of our free ad space!

SIG Information

A “SIG” (Special Interest Group) is a gathering of woodworkers at a member’s workshop to discuss and do projects related to the Group’s interest. Any SAW member or guest of a SAW member may just show up at the meeting. Times and locations for each SIG is given in the Calendar on page 3.

Lathe SIG  Contact person: Jim Cauley
In October Lathe SIG, Jim will be demonstrating the making of a live edge bowl.

Scroll Saw SIG  Contact person: Holly Lovvo
At September’s scroll saw SIG, Richard and I had the shop to ourselves, so we both worked on our own projects. During breaks we discussed what changes we might need to make for the SIG and our shop. With that in mind, we are going to take a break in October and use the time to get more organized and clean the shop. If all goes well, we will be back in business and ready for November.

In the meantime, if anyone has any project ideas, please let us know and we will do our best to make it happen. If you want to work with our saws in the meantime, give us a holler and we can set up a date and time. Happy scrolling!

Furniture Projects SIG  Contact person: Richard and Herb Fuller
At the September SIG, Herb showed how he is building a “rail and style” door for a backyard shed. The door has a panel with hand cut tongue and groove joints.

At the October SIG, Herb will start a live-edge table design that has a turned central pedestal. The pedestal connects to the legs with sliding dovetails in its base. Come and find out how this all works.

Novice SIG  Contact person: Gerry Holmquist
There was no August SIG and the September SIG on hand routers occurs after this newsletter goes to press, so no updates there. The October topic will be decided at the September SIG and will be announced at the General Meeting and in the meeting update e-mail that follows.
October Large Drawing Prize

100 MPH 280 CFM Variable-Speed 18-Volt Lithium-Ion Cordless Jet Fan Leaf Blower

With 2 times the power and 50% more run time than the previous model, the RYOBI 18-Volt Lithium plus Jet Fan Blower is perfect for any yard. This blower features a jet fan design that provides power up to 100 MPH and 280 CFM and a variable speed trigger that allows the user complete control. At 6 lbs. this blower is lightweight and easy to operate. There is a hanging hook for simple storage and a debris scraper for loosening stubborn dirt and leaves. Backed by a 3-year warranty.

Refreshment (Snack Bar) Person(s) Needed

With the new year approaching, a new refreshment person (or two) will be needed beginning in January. A typical meeting setup follows, although anything can be modified to make life easier.

Prep: Park in the circle and bring in all supplies. There are usually people there to help unload. Get the supplies out of the cabinets reserved for SAW. Place the sodas in the large sink and cover with ice. Start a pot of coffee and arrange the snacks as desired behind the roll-up door. All this prep can be completed before the meeting starts.

Break Time: 5 to 10 minutes before break, take the sodas out of the sink, wipe off the water, and arrange them on the counter. When break is announced, open the roll-up door. You can stay behind the counter and chat with others or go out and enjoy the break activities.

After Break: Clean the coffee pot and sink, take stock of what you will need to purchase for next month, and put any remaining snacks and supplies in the cabinets provided. Wipe off the countertops, and you are done!

Reimbursement: There is a generous budget for purchasing any needed supplies. Before the meeting, give your receipts to the treasurer. A check will be written for reimbursement and given to you the same night.

SAW needs one volunteer responsible for getting the supplies and setting up, although 2 or more working together makes the process much quicker and smoother. The goal is to provide good quality snacks while not having to miss more than 5 -10 minutes of the meeting. For more information, contact Richard Lovvo or any Board member.
Charles Linn was the speaker in September and gave a very informative recap of his trip in July to the AWFS show in Las Vegas. He said there were about 15,000 people there, and that he walked 3 miles each day because the building was so large. He showed pictures of the large SAWSTOP show with a demo of the salesman with 9½ fingers. More pictures were shared of displays by dealers of ARMOR TOOLS, TRITON, LAGUNA TOOLS and the new bandsaw by PEGAS (which Holly was wild for and Charles hopes to get one in to WOODCRAFT). He also showed a picture of a wooden safe. The highlight, he said was meeting Norm Abrams from “This Old House” TV show (photo left).

Charles then went on to explain why SAW didn't participate at CAL EXPO 2019. He said while he went to the fair, he saw few wood projects. He mentioned David Chin won a 2nd and an honorable mention and Andy Volk received a 3rd and a 2nd for work they submitted. He showed many pictures of what was exhibited and a wooden rocking horse that took 1st prize.

September Show and Tell

Jack Read (above) showed the dado jig he made for cutting slots for shelves. Bruce Muramoto (left) shows some of the first bowls he has made on the lathe.

Herb Fuller (above center) shows the Krenov-style whiskey cabinet he made for his son, Richard. This has been the subject of the Furniture SIG for the last several months.
Membership Renewal Drive

It is that time again! Renewals are due by January 2020. Please help by mailing in the form early. This will save you time waiting in long lines, and ease our new Treasurer’s stress! A win-win all the way around! And consider e-mail delivery of the newsletter to get everything in color, get the web links at a click of a mouse, save paper, and save the club over $18.50 per year in printing and postage.

If you renew at the General Meeting, go to the Treasurer’s table at the right side of the room and check your information on the members list there. If the information is correct, initial the line, inform the Treasurer that it is correct and pay your dues. No paperwork. If the information is not correct, please fill in the a renewal form and turn that in with your dues. Remember, your dues are tax deductible!

All renewals will be issued a new membership card. All renewing members are encouraged to turn in their old cards for a chance to win a free membership in the March 2020 General Meeting! The winner will be refunded their dues for the 2020 calendar year!

Tools for Sale

All tools must go. Will accept best offer.

- Sears Craftsman 14 Inch Band Saw (bought from former SAW member Abe Low in 2002 but never been used since then).
- Central Machinery 10” x 20” Wood Lathe
- Black & Decker Power Miter Saw
- DeWalt 788 20” Scroll Saw
- Grinder
- Miscellaneous tools

Toy Time

Fall 2019 is here and the weather has cooled, so our wood shops are calling. In anticipation of the effort to make toys for our Salvation Army donation of toys in December, we are moving forward with completing a number of our group worked on toys. So in October we will be completing a number of our projects: Puzzles, rocking horses, rattles, cars, building blocks, cute wheeled airplanes, piano crayon holder, fishing game, buzz spinning wheels, and the like.

Last month, in September, 13 woodworkers took part in a number of the car projects. Plans with patterns, wood, wheels, and guidance were provided for these cute wheeled vehicles. All were kept busy on the many scroll saws, drill press, spindle sander, band sander, and bandsaw. I’d like to personally thank all those who helped set up in September, as our arrival was a surprise for some.

Organization was needed to rearrange the place before we began our work. In the next couple of months we will focus on completing our toys and wrapping and labeling them. We now have labels to be placed on the toys. This will aid the Salvation Army volunteers in distribution of our toys to the age appropriate children. All the materials needed for wrapping and labeling will be provided. There will be assistance for those who need help, just advise me that you’d like help.

I’d like to personally thank those who participated in the TOY FUND-RAISING RAFFLE EVENT (bottom of page) in September where we raised $109.00

As always, we are so thankful that Woodcraft hosts our toy workshop. We hope to see you all on October 17th from 10 AM to 1 PM to participate in our camaraderie and fun. Again, remember you receive a 10% discount from Woodcraft while at the toy workshop
